The good news is that people today expect to live longer, healthier lives. The bad news is that many of us will not have enough money to retire comfortably. The solution to this problem is wise investment of the wealth we accumulate during our working lives, but the unfortunate truth is that when it comes to investment, many of us don't know where to start. Daniel Goldie and Gordon Murray aim to change the way we think about investing and influence the way we select financial advisors, invest our money and assess the results. In THE INVESTMENT ANSWER they provide readers with the necessary background to make the five key decisions that have a significant impact on the overall investment experience so that they will never again be afraid of financial markets or uncertain about what to do with their money.
