Reviews

It is straightforward in go through easier to recognize. I actually have study and that i am sure that i will going to study yet again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Wireless Long edited the Introduction to modern wireless sensor network is divided into four chapters. the main contents include: wireless sensor network development process. the modern development environment for wireless sensor networks. wireless sensor network of modern technology. modern wireless sensor network system design example and so on. Book history talk from wireless sensor networks. a more detailed description of the wireless sensor networks and key technologies involved in the basic theory. combined with the related experiments and critical source code illustrates the design of sensor network applications specific ways in which theory and specific of practice. Introduction to modern wireless sensor network can higher education or vocational and technical colleges as a matter of professional networking and wireless sensor networks Introduction to curriculum books. also available with a certain microcontroller and embedded-based electronic engineers and practitioners refer to wireless sensor networks . Contents: Chapter 1 History 1.1 wireless sensor networks Wireless sensor networks in the position of Things 1.1.1 Things 1.1.2 Things wireless sensor network system 1.2 History 1.2.1 Present Situation 1.2.2 China study abroad research 1.3 wireless sensor network system status and structure of the sensor node 1.3.2 1.3.1 1.4 wireless sensor network applications. sensor networks 1.4.1 1.4.2 Environmental Monitoring military construction monitoring 1.4.4 1.4.3 1.4.5 Smart Health 1.4.7 Transportation 1.4.6 agriculture industry 1.5 wireless sensor network technology challenges facing the communication distance 1.5.2 1.5.1 1.5.3 Energy consumption and reliable communications network security 1.6 1.5.4 The future of wireless sensor networks Chapter 2 Modern development environment for wireless sensor networks Wireless sensor network system architecture 2.1 2.2 2.2.1 modern wireless sensor network platform for wireless sensor...
