Brand New Book ***** Print on Demand *****.Finally it s a Reality.Low Maintenance Cricket Breeding!! For a limited time, every book purchase will come with a free video and training session. Email us after your book arrives to inquire. The number one reason 98 of people give up breeding crickets after a few months, is they choose the wrong breeding method. Most people use conventional methods which require constant spraying, feeding and cleaning.and simple give up as it s too much effort. To make things worse, pests take over due to lack of maintenance and the whole system crashes. These methods are better suited commercial production.not feeding one or two bearded dragons. Our low maintenance systems are very different with automated feeding and water stations; a detritus collection system that does the maintenance for you; along with a number of other innovations. The result is smarter low maintenance, consistent and productive breeding methods for both private and commercial applications. The reality is that crickets can now be bred with less time than standing in line at your pet store. Now there is a true alternative...
