The medical nomenclature in which the Current Procedural Codes (CPT) were derived has become a universal language in which medical coders, medical billers, and claims payment offices communicate to accurately describe medical services rendered. The Center for Medicare and Medicaid Services (CMS) determines global periods (follow-up days) for the surgeries named herein. Current Procedural Codes (CPT) list was provided by the American Medical Association and therefore is the most recent code set being used to date. Bare Solutions, Inc. All financial and healthcare administrative rules still apply as set forth by agencies in which they are governed. Medicare Surgery Global Periods are a key component in the reimbursement process.
