

The Book in the Renaissance

Filesize: 6.05 MB

Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

(Dr. Kayden Gerlach)

Yale University Press. Paperback. Book Condition: new. BRAND NEW, The Book in the Renaissance, Andrew Pettegree, The dawn of print was a major turning point in the early modern world. It rescued ancient learning from obscurity, transformed knowledge of the natural and physical world, and brought the thrill of book ownership to the masses. But, as Andrew Pettegree reveals in this work of great historical merit, the story of the post-Gutenberg world was rather more complicated than we have often come to believe. "The Book in the Renaissance" reconstructs the first 150 years of the world of print, exploring the complex web of religious, economic and cultural concerns surrounding the printed word. From its very beginnings, the printed book had to straddle financial and religious imperatives, as well as the very different requirements and constraints of the many countries who embraced it, and, as Pettegree argues, the process was far from a runaway success. More than ideas, the success or failure of books depended upon patrons and markets, precarious strategies and the thwarting of piracy, and the ebb and flow of popular demand. Owing to his expert and highly detailed research, Pettegree crafts an authoritative, lucid, and truly pioneering work of cultural history about a major development in the evolution of European society.
