

The Rain Forests of Cameroon: Experience and Evidence from a Decade of Reform

By Giuseppe Topa, Carole Megevand

World Bank Publications. Paperback. Book Condition: new. BRAND NEW, The Rain Forests of Cameroon: Experience and Evidence from a Decade of Reform, Giuseppe Topa, Carole Megevand, Starting in 1994, Cameroon introduced regulatory and market-based reforms to regulate access to its rainforests, balance public and private interests in those forests, and integrate wider economic, cultural, and environmental perspectives of the value of forests. Based on historical data and extensive interviews, this report concludes that the reforms brought order over the most aggressively competing interests and started to address deeper social and environmental issues, but a significant unfinished agenda remains. On the positive side, information on the boundaries, ownership, use rights, and management of Cameroon's rainforests has become available for public scrutiny, along with information on detection and prosecution of illegal activities. Better and better known rules of the game have improved forest governance and collaboration between forest institutions and civil society. More than 60 percent of Cameroon's rainforests are under management systems that emphasize sustainability. Illegal logging has declined sharply managed parks and production forests, although it persists in rural areas. The restructured forest industry has adopted internationally recognized management practices that have started to align logging with the...
