High School Physics: Energy and Equilibrium (Paperback)

By Vishal Mody

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This physics booklet was created to help students specifically with Energy and Equilibrium - the topic that is quite possibly the most important topic in the high school physics curriculum. The concepts have been made extremely concise yet detailed at the same time. Some explanations are even given with calculus derivations! This is for the students who enjoy more of a challenge. However, calculus is not a requirement for high school physics nor is it for this booklet. Also, this booklet is not designed to be your main study source, but rather, as an adjunct to your school teacher's notes. There are also lots of practice questions with detailed solutions at the end to solidify the concepts you have learned.
