Pub Date :2007-09-01 Publisher: People's Sports Publishing improve the quality of teachers is the key to improving the quality of education. For the majority of physical education teachers in the 21st century. shoulder the sacred mission of nurturing the talents of the new century. Addition to adhere to the correct political orientation and high moral quality they must constantly learn new knowledge and new ideas. and efforts to improve the professional level. in order to adapt to the needs of social development and school physical education development. In fact. since the new technological revolution in the 1950s and 1960s. continuing education. lifelong education. has become the world is very concerned about the problem. In recent years. contacts and exchanges with the physical education teachers in primary and secondary schools. we deeply feel. they have a strong desire for new knowledge. new methods. However. in the modern Books Building. in the school library to provide reference books to their physical education teaching theory and practice is very limited. Their desk did not see a few books. This is to some...
